The proof of loyalty is fairly made out. Several witnesses testify to Mrs. Graham's loyalty. Her husband was arrested by the Confederates in the fall of '64 & forced to go to the Conscript Camp at Talladega & then to Chattanooga where he died the day after his arrival in Jany '65. The loyalty of the widow & children are fully proved by several witnesses. She claims the property in her own right & the Admr. of her deceased husband appears & says he makes no claim to it. —

The property was taken by Wilson's troops in March 1865 for Army use. The proof of the quantities is mainly by the claimant & we think on her own showing that the Corn & Bacon are somewhat exaggerated. — The mare was 11 yrs old & not worth over $100. — Mule worth the same. We allow in all $355.50

Testimony of Julian Vail in behalf of Mrs Nancy Ann Graham on Loyalty.

The said Julian Vail being first duly sworn deposes and says my age is 47 years and I reside in Jefferson County Alabama and live about 20 miles from Elyton, Ala and am a farmer by occupation, I have been acquainted with the claimant many (20) odd years, I was very intimate with the claimant all the time during the war I lived about three (3) miles from claimant all the time during the war I saw her often, some times during the war I would see her once a week and some times it would be three (3) months, I saw her at all times often, but the three (3) months that I was off in the Union Army, I Conversed with the

claiming frequently and often on the subject of the way to cause and prosecute I was a Union Man and the claimant so regarded and treated me I served in the Union Army in Company "D" Commanded by Capt Pratt first Alabama Cavalry Command by Col Spencer I served therein 12 Months and was honorably discharged at Cantonment Ala. Claimant resided in part of the Union all the time and so acted and I judge this by her feeding me while I was in the Union Army and she knew that I belonged to the Union Army at the same Times and she fed me before I belonged to the Union Army while I was laying in the woods I have Conversed with the claimant alone and in the presence of her own family along the way, Claimants public reputation was that of a Union woman and she was so regard by her loyal neighbours and all who was not loyal, I do not know whether claimant can give anything in aid of the above only that which I have already stated, Claimants husband was confined in jail for the purpose of securing his person as a Conscript at Clayton Ala. and he died soon thereafter in the rebel Army as a Conscript

Julian O'Neil

I heard that the rebel Cavalry took two (2) Horses from the Claimant during the war, but I did not see them take them. I heard that while the Claimants husband was lying out in the woods to keep from being conscripted and forced in to the rebel Army, that if the Claimants husband did not come in and give up and go to the rebel Army that they would go to the Claimants house and remain till they the Cavalry eat up everything that she had, and only these threats and not the promise that if he would come in that they would give him a furlough so that he could prepare himself to go to the rebel Army, Then the husband of the Claimant came in and was put in jail as stated. The Claimant was opposed to her husband doing this, I know this of my own knowledge, I am sure that Claimant never gave anything to aid the Confederacy its Soldiers or Officers, nor ever owned any Confederate bonds or interest in them. I married the sister of the Claimant I am sure that if the Confederacy had succeeded in establishing a Separate government in the South that Claimant could not have maintained her loyalty

The said J. W. Rowe being first duly sworn deposes and says my age is 48 years I reside in Jefferson County Alabama about 16 miles South of Elyton Alabama, I am no relation of the Claimey, my occupation is that of a farmer, I have known the claimey in this case about 20 years from the first of the year 1843 to the close of the war my acquaintance with the claimey was very intimate, I lived about three (3) miles from claimey during the time I saw the claimey talented often once a month perhaps I conversed with the claimey very often, and her sympathies was always for the Union Cause she said that she was opposed to the war and that she wished that the last one of the rebels that got up the war was dead. The claimey has been married to one Thomas Graham

but she is now a single woman. Her husband was Conscripted and forced into the rebel Army, and since then some of us he was found in. I am a Union man now and was at the time when the troops were passing and before the war. I layed out in the woods with Claimants husband who was also a Union man to shun the Conscript law, and its officers. Claimant fed me and Mr Julian Hall a Union Soldier while we were lying out in the woods & Counseled with the Claimant a time and on the presence of others on the subject of the war its causes and progress and from her upon opinion and actions her sympathies was always for the Union. I was Conscripted and forced to go to the Conscript Camps at Talladega Alabama where I remained a short time and came home on a sick furlough, and did not return to Camps any more, and I then layed out in the woods, until some time about the 20th of May 1864 at which time I left the woods and crossed the lines into the Union Army at Decatur Alabama. I did not join the Union Army, and I remain within the Union lines (till some time in December 1864 I then returned to my home in Jefferson

County and lay out in the woods like the Close of the war, and after my return home from the Union lines the Claimant sent to find me and inform me of the movements of the home guards that was hunting up men who was lying out in the woods, until the war ended. Claimant was generally known to be a Union woman by her loyal neighbors and also by the rebels or Confederates. I never known the claimant to give anything to the Union cause only what I have already stated. I do not know that Claimant was ever molested or threatened in family or property on account of her Union sentiments, but was reported that the rebels threatened to take the property of all such characters and burn their houses. I am sure that the Claimant never give any aid or comfort to the Confederacy its Soldiers or Officers. I am sure that Claimant never owned any Confederate bonds or any interest in them. I am sure from the actions of the Claimant during the war that if the Confederacy had succeed in establishing a Separate Government in the South that the Claimant would not establish her loyalty to such Government, but being a woman she might have

(1) I was present.

(2) I did I saw them all taken, I saw them take my Mare Mule Corn Fodder Oats Bacon and Bridle and Saddle.

(3) I did I saw my Chickens and Dumplin and One of my hogs which was fat enough to eat.

(11) The property which I say I saw them take was taken on or about the 28th day of March 1865. by General Wilsons Army. I am sure that it was General Wilsons Army for the Soldiers told me that it was General Wilsons Army, and One of the men pointed out to me a Yank who he said was General Wilsons Grand Son.

after she had been Taken and Tried to get them to give her back to me but they told her that she was too good a Mare. My Grand Mothers name is Rebeca Graham Hampton Fields saw my Mule in their possession in their Camps. So these two parties told me.

(6) I do not know whether there was any Commissioned or non Commissioned Officers present or not but I heard the men calling one of them Major. I did not hear his name or Regiment to which he belonged, but I heard a great many of the Soldiers say that Wilson was their General. I heard the Major tell the men to go to the Crib that there was plenty of Corn there and to take it. I did not hear any orders to take the balance of my property

(7) My Corn was taken from the Crib and put in sacks and wagons and carried off. My Bacon was taken from my Smoke house and tied together and put on Mules and horses and carried off. My Mare and Mule was taken from the back part of my Smoke house with bridles on them and taken to the Crib and my Mare put in with my Corn and led away, and my Mule was led off without any thing being on him. My Fodder was taken

from my thrasher left and packed off on horses, My Oats was taken from my thrasher and put on Sacks and Carried off on horses, My Bridle and Saddle was taken from my dwelling house but I cant tell how they were carried away as I saw nothing more of them after they were taken out of my house

(8) The property was all removed as above stated,

(9) A part of my property was Carried to the Camps and a part Carried in the hand I did not follow it to the Camps, but they told me that they Carried a part to the Camps, and I saw this in pursuance of the balance of it on the ground

(10) I do not know for what purpose the property was taken but I saw them use a part of it on the premises at the time they were taking it, I inferred that the property was taken for the use of the army from the fact that the men told me that they was United States soldiers

(11) I did not make any Complaint to any officers but I talked to the soldiers about taking my property and they laughted at me and told me that they might have me the Steers and Cattle

(12) There was no receipt or money asked for and none given. There was a paper prepared by one of the Soldiers and he told me to carry it to General Wilsons headquarters and have him to appove it, and I would get my money back, but I was afraid to take it to General Wilsons headquarters as I was not accustomed to travel about where there was so many men as there was along at that time, the paper is now mislaid or destroyed, the Soldier who gave me this paper came along the next day after my property was taken, the reason that he gave me this paper was that he found out that I was a Union woman.

(13) My property was taken publicly and in the day time in the morning and evening.

(14) The Army was in Camps three (3) and ten (10) Miles from my house, the Soldiers told me that it was General Wilsons Command that was encamped there, the part of the Army that was Camped three (3) Miles from my house only staid there one night and at the ten Mile Camps they staid there three (3) or four (4) nights, and afterwards went in an eastern direction, there had been no Skirmish or battle near my house before my property was taken if there

The wagon bed in which my Corn was hauled out of the field in measured to hold thirty (30) bushels and there was twenty (20) loads hauled and put in the Crib. My children told me that my Crib had been measured and held five (5) hundred bushels. I did not see it measured myself.
